

6th May 2026

Dear Parents and Carers

Re: National Knife Crime Awareness Week 18th to 24th May

As part of our commitment to ensuring the safety, wellbeing, and personal development of all our students, we have invited the Community Police in to focus and raise awareness around knife crime.

This will be a drop-in session during breaktime on Thursday 21st May 2026, aiming to inform students about the risks and consequences of carrying or being involved with knives, empower them to make safe and informed choices, and help them understand the impact that knife crime can have on individuals, families, and communities.

The drop-in is not compulsory and will be delivered in an age-appropriate and sensitive manner, supported by our local police and Brannel staff. We believe it is important that our young people are equipped with the knowledge and confidence to navigate difficult situations and seek help when needed.

If you have any questions or concerns about the above or if you would like to know more about the resources we are using, please do not hesitate to contact me.

Thank you for your continued support.

Yours sincerely
